

**OPA Restrictor, 300 psi  
PN 1100-0200**

Dear valued customer,

After recent research demonstrating enhanced performance capabilities, we are now offering a replacement for part # 1100-0200 (OPA Flow Restrictor, 300 psi). Effective immediately, we will be discontinuing 1100-0200 and replacing with part # 1100-0161 (PEEK Tubing Flow Restrictor). The replacement PEEK Tubing Flow Restrictor is an improvement to our old flow restrictor and comes with the following benefits:

- More robust construction material
- Longer usable life that translates to more sample runs
- Fewer connections creating less points of failure
- Less expensive price point

**Pictured: Part # 1100-0161**

Please contact Pickering Laboratories Support at (650) 694-6700 or [support@pickeringlabs.com](mailto:support@pickeringlabs.com) if you have any questions.

Obsolete Part #	Replacement Part #	Replacement Description
1100-0200	1100-0161	Restrictor, PEEK Tubing
